

THEAM PRECASTER

Series 2000

PRECASTER MEET THE SHORTEST CONVEYOR IN THE LINE UP. This conveyor was developed particularly for Precast operations needing to feed forms at a constant height or reach. Slimmed down to a two boom conveyor and built to spec, this is a great choice for certain applications in the Precast industry. When confined to the yard, this model won't require all features and pared down is a very economical solution.

PRODUCT SPECS

Maximum Discharge Reach	20ft
Maximum Discharge Height	11ft
Maximum Rotation	310°
Maximum Discharge Rate	85cu yds/hr
Maximum Operation Pressure	2700psi
Belt Speed, Variable	0-9ft/sec
Belt Support System	Idler Rollers
Total Weight on Truck	3100lbs
